VOLLEYBALL ROTATIONS

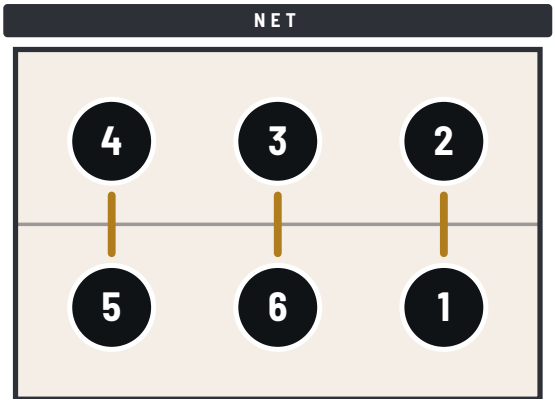

CHEAT SHEET

6-2 Serve Receive

Where to line up and which setter goes to the net, for all six rotations.

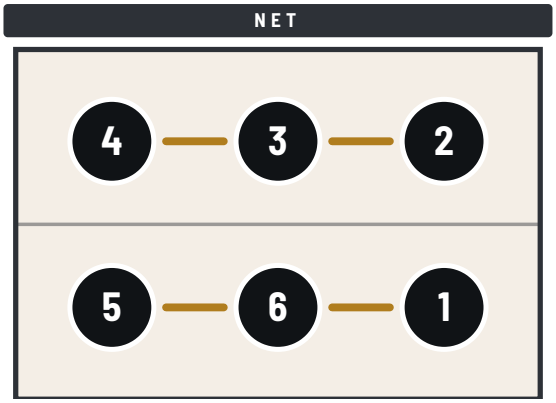

The overlap rule

When the other team serves, your six players must stand in the right **order**. The moment the ball is hit, everyone can move anywhere, so it only matters for that split second. The numbers are the court zones.

Stay in front

Each front row player stays closer to the net than the partner directly behind them.

Keep your order

Within a row, don't cross past the teammate beside you.

> **Only your neighbours count.** You only have to beat the players right next to you, never across the court. That wiggle room is what lets you shift into a receive formation and stay legal.

How to read the cards

PLAYERS

- **Setting setter.** S1 or S2, whoever is in the back row. Moves to the net to set.
- **H1 · H2 · M1 · M2.** Outside hitters, middles, and the front row setter, who hits.
- **Libero.** Back row defender, in white.

MOVEMENT

- **Dashed circle.** Your base spot in the rotation.
- **Arrow.** The move from base to your receive spot.
- **Gold arrow.** The setting setter's move to the net.

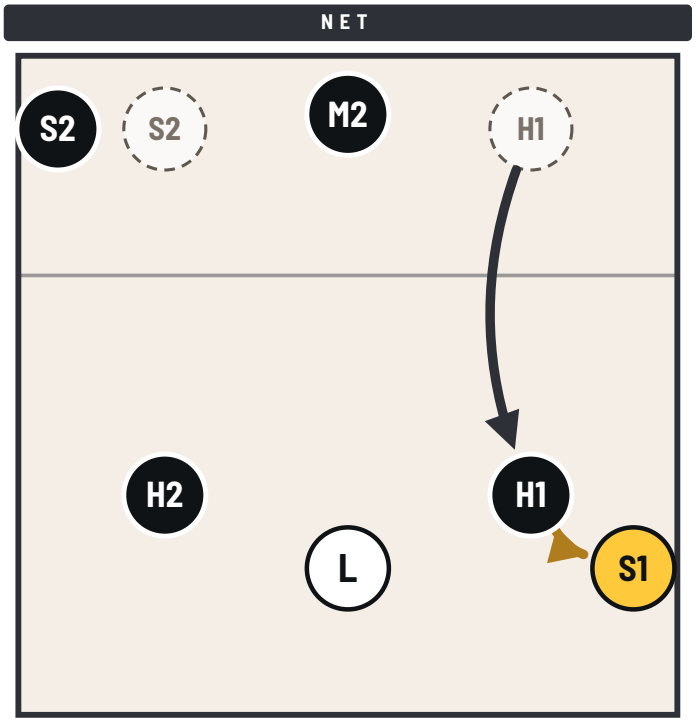

Covers **Base** and **Receive**. Scan any card to see Serve, Set, Attack and Switch.

1 Rotation 1

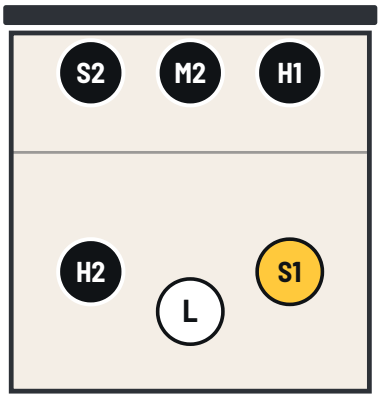

S1 sets · S2 hits

Watch it move

RECEIVE · MOVES FROM BASE

BASE · LINE UP · L IN FOR M1

NO OVERLAP TRAPS

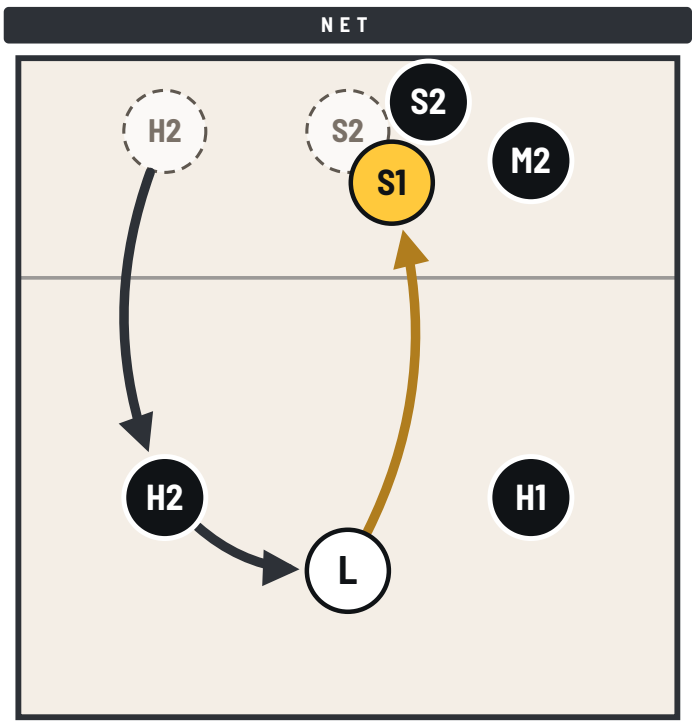

Nothing tricky here. Line up as shown.

6 Rotation 6

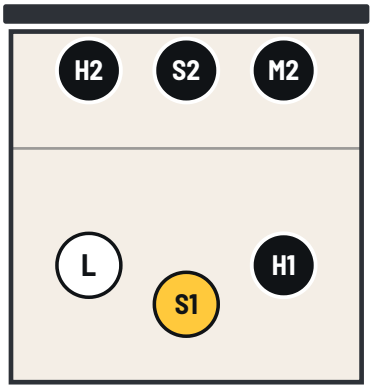

S1 sets · S2 hits

Watch it move

RECEIVE · MOVES FROM BASE

BASE · LINE UP · L IN FOR M1

EASY TO GET WRONG HERE

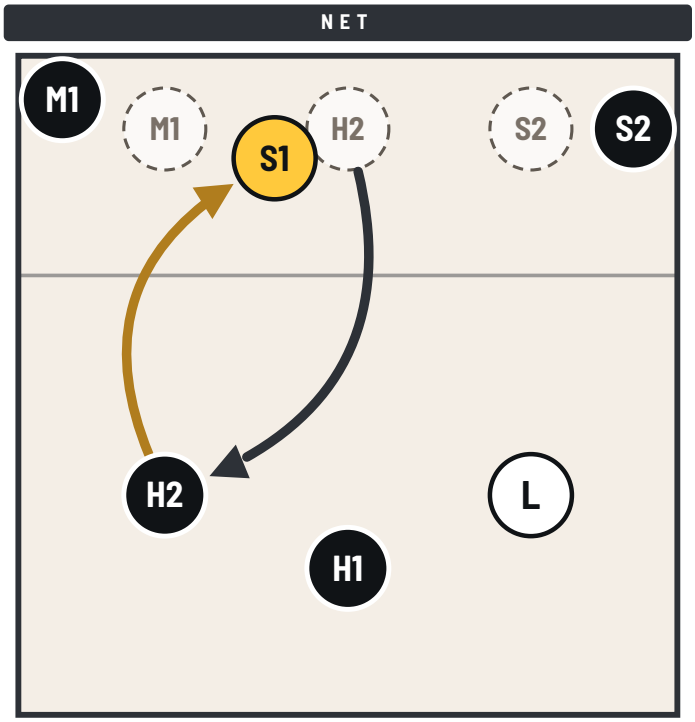

- S2 stays left of M2
- L stays left of S1
- S1 stays left of H1
- S1 stays behind S2

5 Rotation 5

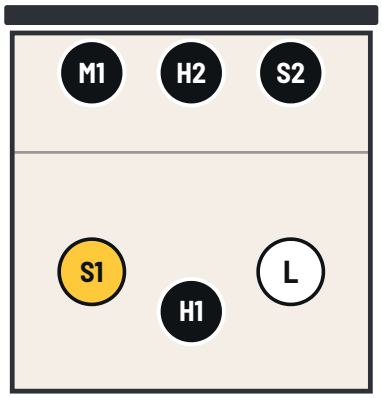

S1 sets · S2 hits

Watch it move

RECEIVE · MOVES FROM BASE

BASE · LINE UP · L IN FOR M2

EASY TO GET WRONG HERE

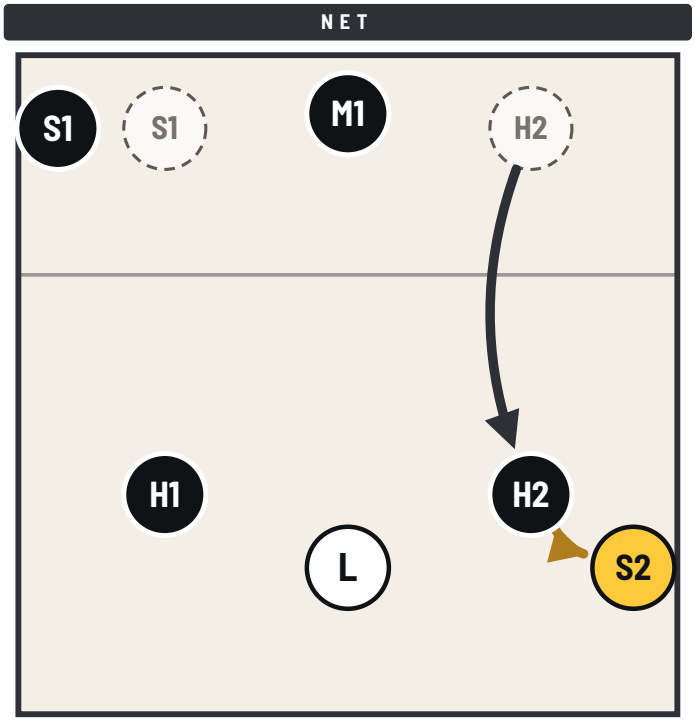

- M1 stays left of H2
- S1 stays left of H1
- S1 stays behind M1

4 Rotation 4

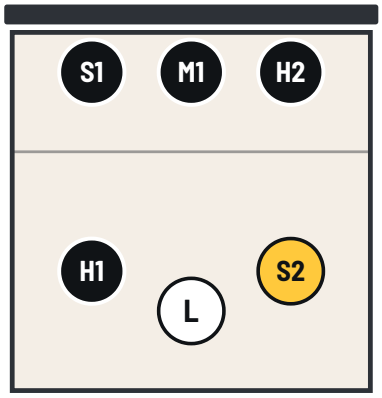

S2 sets · S1 hits

Watch it move

RECEIVE · MOVES FROM BASE

BASE · LINE UP · L IN FOR M2

NO OVERLAP TRAPS

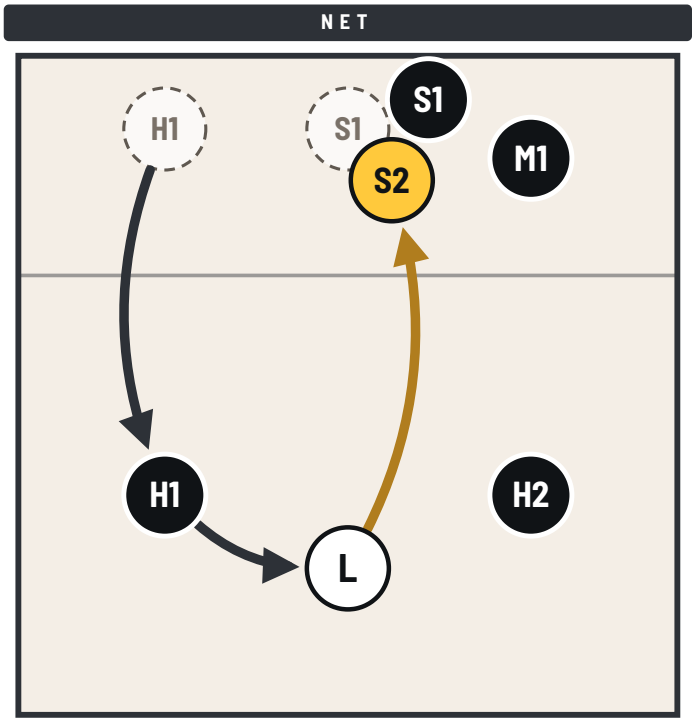

Nothing tricky here. Line up as shown.

3 Rotation 3

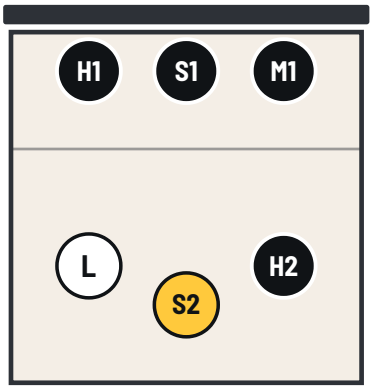

S2 sets · S1 hits

Watch it move

RECEIVE · MOVES FROM BASE

BASE · LINE UP · L IN FOR M2

EASY TO GET WRONG HERE

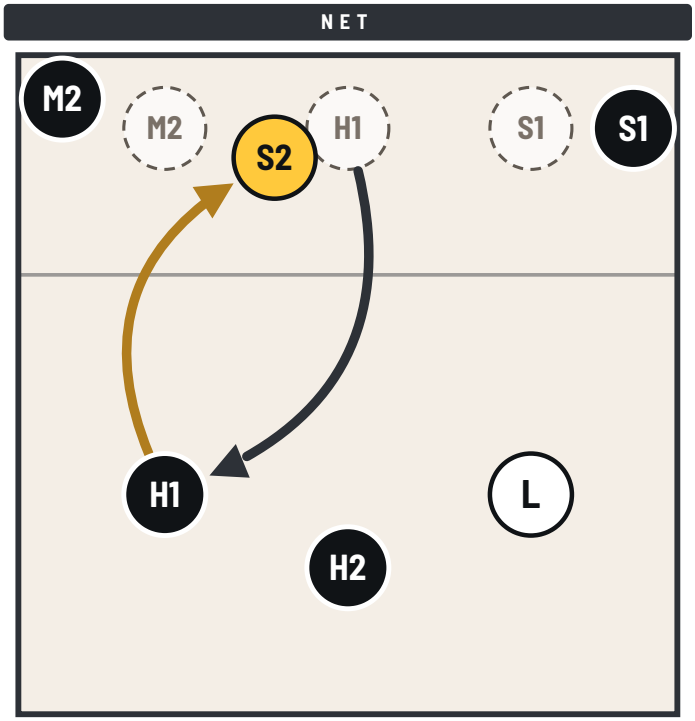

- S1 stays left of M1
- L stays left of S2
- S2 stays left of H2
- S2 stays behind S1

2 Rotation 2

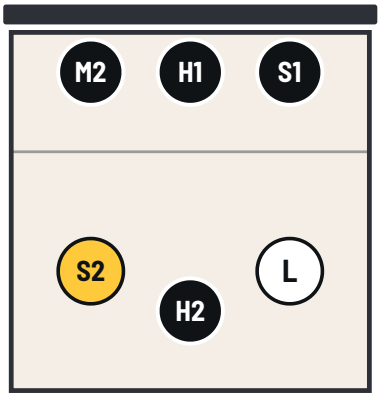

S2 sets · S1 hits

Watch it move

RECEIVE · MOVES FROM BASE

BASE · LINE UP · L IN FOR M1

EASY TO GET WRONG HERE

- M2 stays left of H1
- S2 stays left of H2
- S2 stays behind M2
